Surafeal Melese

Graphics designer

i am 24 with a psychology degree, I excel in graphic design, blending creativity with analytical skills. Agile, a strong communicator, and a fast learner, I offer innovative solutions, adapt swiftly, and merge psychology seamlessly into design projects and othe reallife situations where my skills are needed.

Experience

2022 - 2023

Aleph tav consiltancy and trading P.L.C

Job position

During my three months as a junior graphics designer, I've enhanced my design skills using Adobe Creative Suite, fostering creativity and professionalism. Balancing office duties, I've honed time management and organization, meeting deadlines adeptly. Collaborating effectively, I've improved communication and teamwork, contributing meaningfully to projects. Feedback has refined my design style, incorporating user perspectives and industry trends. This experience has boosted my confidence, adaptability, and resilience, preparing me for future challenges in the dynamic realm of graphic design.

2023 - 2024

freelance and online work

Embarking on my freelance journey in graphic design has been a liberating experience. Working autonomously, I've embraced creative freedom and explored diverse projects. Managing clients, timelines, and budgets independently has sharpened my business ability. Each project offers a unique challenge, pushing me to innovate and deliver exceptional designs tailored to individual client needs. This freelance path has enriched my skills and entrepreneurial spirit.
